

DATA SHEET

DUET 3 ZONE DMX & WIRELESS RGB-W IN-WALL CONTROLLER

SKU: SA-CTRL-DMX-DUET-3ZONE

Product Description

The Duet 3 Zone LED Controller has been created to bring even more functionality to the already incredible Duet Controller. The Duet 3 Zone can easily be used control three zones in three different ways: connecting directly to DMX enabled fixtures, wirelessly connecting to non-DMX LED fixtures operating in RGB-W mode, or both DMX and non-DMX wireless modes at the same time. The color touch wheel offers immediate color selection with the option to fine tune colors. The Duet 3 Zone also includes separate white color control so operating a separate white light is easy. 10 color changing programs are included on this controller. The Duet 3 Zone LED Controller is perfect for DMX enabled LED Lights like wall washers and flood lights. With the 50 foot wireless range, connecting to non DMX LED fixtures such as LED strip lights and LED light bars is easy. To connect using the wireless feature a matching controller is required for each lighting zone (LED Wizard WiFi LED Controller, SKU: WIFI-RECEIVER). The wireless option makes installation easier than ever, as no extra wiring is required saving time and energy.

- 3 Zone Control
- 3 in 1 Controller: DMX Control, Wireless RGB-W, or Both
- Amazing Color Options and Full Dimming Control
- Includes 10 Color Changing Programs
- Amazing Color Options and Full Dimming Control
- Touch Sensitive Glass Surface
