

DATA SHEET

# FANLESS WATERPROOF LED POWER SUPPLY 24V-13A-320W

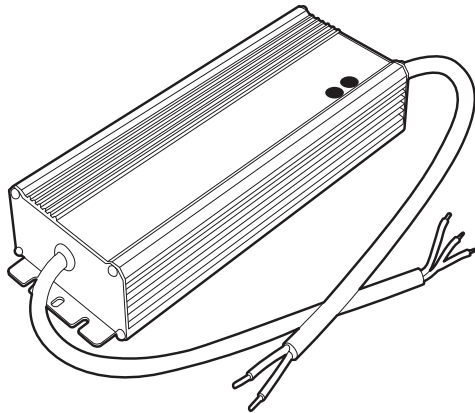

SKU: SA-PS-24V-13.3A-320W-WP

## Product Description

Solid Apollo's LED fanless ultra quiet, waterproof power supply is the ideal solution to drive LEDs at a constant voltage of 24 Volts DC and to a max power of 320W in all-weather environments.

Thanks to its intelligent heat management system, this transformer is able to stay well within normal operating temperatures without the use of a fan for cooling. It includes one output and 1 AC input. Output voltage and constant current level can be adjusted through internal potentiometers.

- RU Certified - UL listed components
- High efficiency and low temperature operation
- 24V DC -600W output
- Built-in 5V/0.5A standby power
- Constant voltage and constant current
- Short circuit and overload protection
- Auto recovery mode
- Thermal protection
- Soft start current for maximum protection
- Adjustable Output voltage from 21.6-28.8V DC

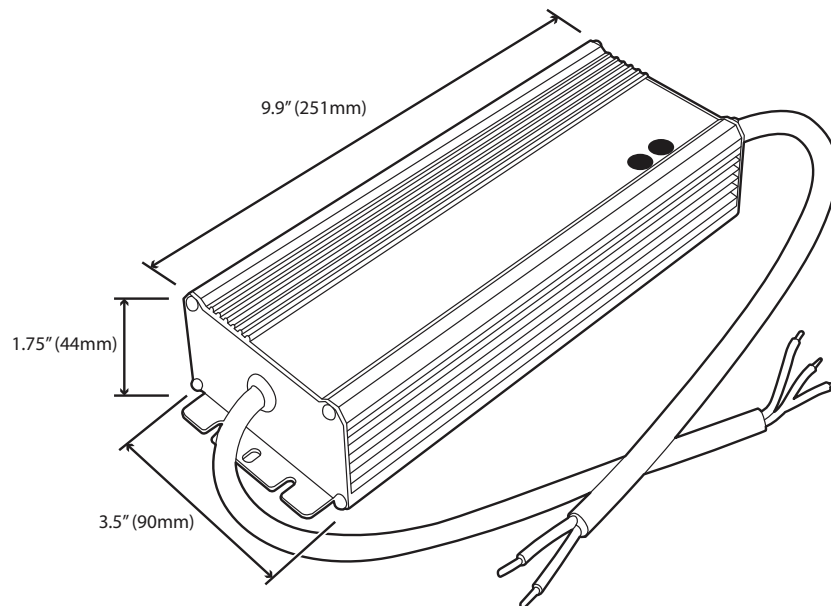

## Quick Spec.

• Dimmable	No
• Input Voltage:	100-240VAC & 277VAC
• Max Power:	320W
• Warranty:	3 Years

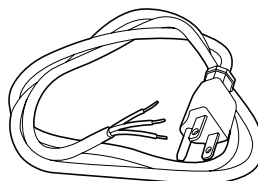

• Weight:	4.15 lb
• Dimensions:	9.9"x3.5"x1.75"
• IP Rating:	IP65
• Product Color:	Silver

• Working Temp:	-4 - 185F
• Certifications:	CE, RU
