DATA SHEET
PRO-WIFI 8 ZONE LED CONTROLLER WITH APP
SKU: SA-CTRL-WIFI-V2

Product Description

Your smart-home dream just got better with Solid Apollo's new Pro-Wifi 8 Zone LED Controller that allows you to control LED fixtures over your home or business Wi-Fi through a mobile app. This amazing controller gives you full control of up to 8 different zones/areas in your home and business by using Solid Apollo's "EasyLighting" smartphone app. The user-friendly app offers so many great features that include: naming and controlling zones in your home or business, zone background image customization, defining type of lighting in each zone ie, single-color LED fixtures, color-changing LED fixtures (RGB and RGB-W), and dynamic-white or white-tunable fixtures, saving up to a total of 64 (8 per zone) different light scenes and recalling them anytime, and synchronizing color-changing LED fixtures with music or voice. Installation of Pro-Wifi 8 is simple; it connects directly to your router with a simple RJ45 cable (included) and requires absolutely no configuration. Once connected to the router, it can communicate with an unlimited number of controllers (one included) up to 65 feet away through your Wi-Fi to control your LED fixtures. The Pro-Wifi also has its own optional local Wi-fi that can be used to pair and control the LED fixtures in the absence of internet Wi-fi.

• Controls LED Fixtures Through Wi-Fi & Phone App
• Multiple Zone Control (Up to 8 Zones/Areas)
• Comes with a UL Listed Controller
• Highly Customizable and Stable App
• User-friendly App Available for Both iOS and Android

• Pair Unlimited Number of Controllers in Each Zone.
• Easy Installation and Automatic Self-Configuration
• Control Single-color, Dynamic-White, Color-Changing (RGB and RGB-W) LED Fixtures

Quick Spec.

• **UL Listed**	Controller: UL Listed E493882	• **Warranty:**	3 Years	• **RGB Channels**	4 (5A Each)
• **Dimmable**	Yes	• **Weight:**	0.88 lb	• **Product Color:**	White
• **Input Voltage:**	Hub: 12VDC	• **Dimensions:**	Hub: 3.3"x4.3"x0.96"	• **Product Material:**	High-Grade Plastic
	Controller: 12-36V DC		Controller: 7"x1.8"x0.87"	• **Working Temp:**	32 - 104F
• **Max Power:**	Controller: 480W@24VDC	• **IP Rating:**	IP20	• **Certifications:**	CE, RoHs, UL
• **Max Amp:**	Controller: 5A per Output	• **Control System:**	Wifi 2.4G		Controller: UL Listed
