

DATA SHEET

# 120V AC 4 ZONE WIRELESS WATERPROOF DIMMER CONTROLLER/REMOTE

SKU: LT-MONO-DRLS-RF

## Product Description

Solid Apollo's 120V AC 4 Zone Wireless Waterproof Dimmer Controller/Remote is designed to be used with LEDs that work at line voltage of 120V AC like our driverless LED strips and Neon LED. This unit lets you control up to four different zones independently or in a group. The included remote has a wireless range of up to 100ft and can smoothly dim from 100% to 10%. This set includes one wireless remote control unit and one wireless controller that will control one zone. If you wish to control more than one zone, simply add additional controllers to independently control up to four different zones. Each zone can have an endless number of controllers which are easily paired to the remote with a learning button. The remote is battery powered (included) and comes with a magnetic wall mount. Each zone is controlled with only two buttons, one to turn on and brighten and one to turn off and dim. The wireless controller is also equipped with a "memory function" which remembers the last brightness setting after a power outage or turning the fixture off.

- Batteries Included (CR2025)
- Individual control of 4 different Zones
- ON/Off Button for each zone
- Press and hold On/Off to turn up/down brightness or all ON or Off
- Waterproof casing for indoor/outdoor use, IP rating of 67
- High Voltage applications
- Wireless range of up to 100ft
- Memory Function
- Intelligent Channel Assignment

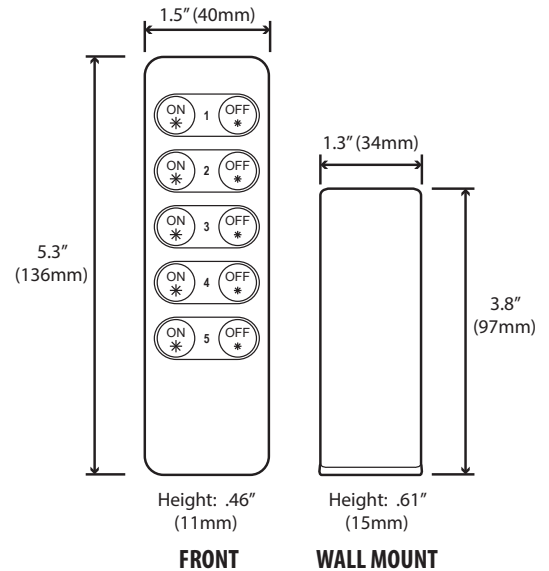

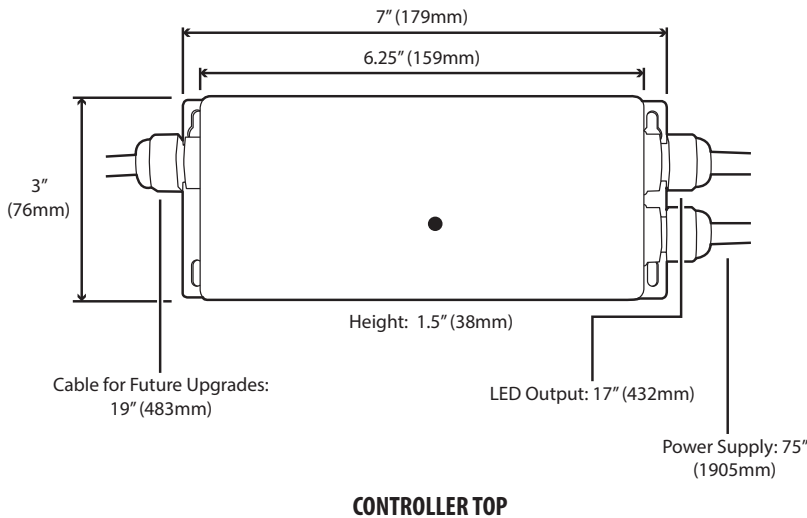

## Quick Spec.

• <b>Dimmable:</b>	Yes, by remote
• <b>Input Voltage:</b>	Remote: CR2025 Battery Controller: 120VAC
• <b>Max Power:</b>	600W
• <b>Warranty:</b>	3 Years

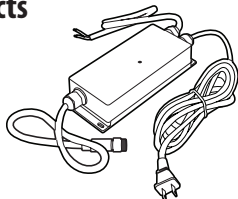

• <b>Weight:</b>	2.15 lb
• <b>Dimensions:</b>	Remote: 5.3"x1.5"x0.46" Controller: 6.25"x3"x1.5"
• <b>IP Rating:</b>	IP67

• <b>Product Color:</b>	Black Remote White Controller
• <b>Working Temp:</b>	-4 - 122F
• <b>Certifications:</b>	CE, RoHS
