CE Certified | RoHS compliant | UL | 12-36 VDC | IP67 WATERPROOF | WIRELESS | DIMMABLE

5 ZONE WATERPROOF WIRELESS LED DIMMER CONTROLLER/REMOTE
SKU: SA-CTRL-002B-IP67

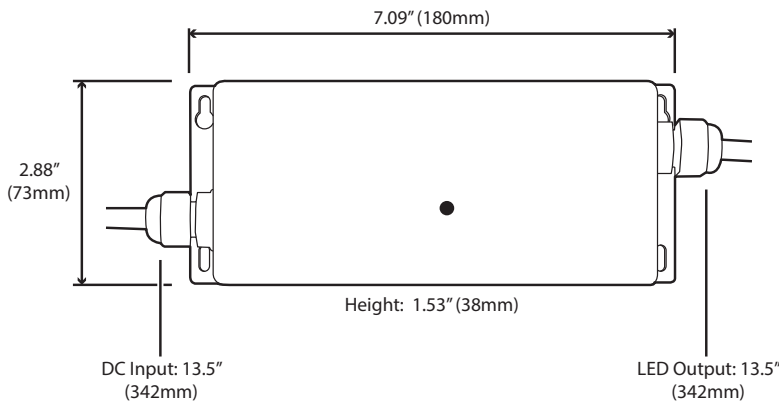

Product Description

Solid Apollo's UL Listed 5 Zone Waterproof Wireless LED Dimmer Controller/Remote is designed to individually or simultaneously control up to five different zones of LED fixtures where humidity or water is a concern. This unit includes a wireless remote and a waterproof wireless dimmer controller that will let you control one zone. To control more zones, simply add additional waterproof dimmer controllers. With multiple dimmer controllers, you will be able to control each zone individually or two or more zones simultaneously. The controller is robustly designed to withstand adverse weather conditions with an IP67 waterproof rating. It has a special "Learning Key" button for effortless pairing to the remote. The 5 Zone Wireless Remote has 10 independent buttons to turn on/off or control brightness of the zones. The remote has a compact design with an impressive 65 feet wireless range. Included is an easy-to-mount magnetic cradle that is designed to hold/store the remote when not in use. It is easy to mount to any wall/flat surface with screws and holds the remote magnetically.

- Includes 1 x Remote, 1 x Waterproof Controller for 1 zone
- Waterproof IP67 for Outdoor Use
- Control up to 5 Different Zones with Remote (1 zone included)
- Easy Zone Assignment
- Smooth Dimming 100% to 1%
- Soft ON/OFF Technology
- Memory Function to Remember Settings
- Batteries Included (CR2025)
- Individual control of 5 different Zones
- ON/OFF Button for each zone
- Dim Up/Down for each Zone.

Quick Spec.

UL Listed:	Yes	**Warranty:**	3 Years	**PWM Refresh Rate:**	180hz
Dimmable:	Yes, by remote	**Weight:**	0.95 lb	**Product Color:**	Black Remote
Input Voltage:	Remote: CR2025 Battery	**Dimensions:**	Remote: 5.3"x1.5"x0.46"		White Controller
	Controller: 12-36VDC		Controller: 7"x2.8"x1.5"	**Working Temp:**	-4 - 122F
Max Power:	240W@12V to 720W@36V	**IP Rating:**	IP67	**Certifications:**	CE, RoHs
Max Amp:	Controller: 4 x 5A	**Control System:**	RF Wireless		Controller: UL Listed
