Solid Apollo LED
Where light meets perfection

CE Certified | RoHS compliant | WIRELESS | 120 VAC | DIMMABLE
DATA SHEET
GLASSTOUCH PRO 2-ZONE 120V AC WIRELESS DIMMER WALL SWITCH/CONTROLLER
SKU: SA-CTRL-DIM-120V-2Z

Product Description

Solid Apollo brings you the perfect solution for controlling LED fixtures in multiple areas. Control up to two zones or areas independently from one switch with Solid Apollo's GlassTouch Pro 2-Zone 120V AC Wireless Dimmer Wall Switch/Controller. This unit installs in any single gang box unit that has a live and neutral wire (required for operation) and can be directly connected to a 120V AC power line. This low-profile LED Dimmer Wall Switch is designed with two simple backlit touch controls. The subtle backlight lets you see and use the switch in the dark and the smooth glass panel makes cleaning easy. Zones can easily be assigned and paired with unlimited controllers. The GlassTouch Pro is perfect for wirelessly controlling single-color LEDs. With built-in soft ramping technology, the GlassTouch Pro turns LEDs on and off softly and dims in a smooth way from 100% to 10% brightness with an impressive 65ft range. The GlassTouch Pro is operated in two simple ways: A single tap of "I" or "O" touch controls turns the LED fixtures on or off respectively in the assigned zone while a press-and-hold dims up or down the fixtures. It also has a memory function that remembers the settings in each zone even if power is lost.

- Installs into Any Standard Single Gang Box
- Easy Connection to Standard 120V AC Line Inside Any Gang Box with L and N Wires
- Comfortably Control Up to Two Independent Zones
- Pair Any Number of Controllers in Each Zone
- Wireless Control of Single-Color LED Fixtures Within 65ft
- Classic Touch-Sensitive Glass Panel for An Effortless Control
- Smooth Dimming of 100%-10% that is Pleasant to the Eyes
- Built-in Subtle Back Lighting for Easy Operation in the Dark
- Dual Controls as ON/OFF Switch and Dimmer
- Quick Wireless Pairing to Controllers with One Button
- Remembers Last Settings in Each Zone Before Power Loss

Quick Spec.

• **Dimmable:**	Yes	• **Weight:**	0.6 lb	• **Product Color:**	White
• **Input Voltage:**	Wall Switch: 100V – 240V AC	• **Dimensions:**	Wall Switch: 4.7"x2.9"x1.2"	• **Product Material:**	High-Grade Plastic
	Controller: 12-36VDC		Controller: 4"x1.4"x0.79"		and Glass
• **Max Power:**	Controller: 192W@24VDC	• **IP Rating:**	IP33	• **Working Temp:**	32 - 140F
• **Max Amp:**	8A	• **Control System:**	RF Signal, Touch Sensor	• **Certifications:**	CE, RoHs
• **Warranty:**	3 Years	• **PWM Refresh Rate:**	200Hz
