

DATA SHEET

WATERPROOF 4 CHANNEL DMX-RGB-W LED DECODER

SKU: SA-CTRL-DMX-RGBW-IP66

Product Description

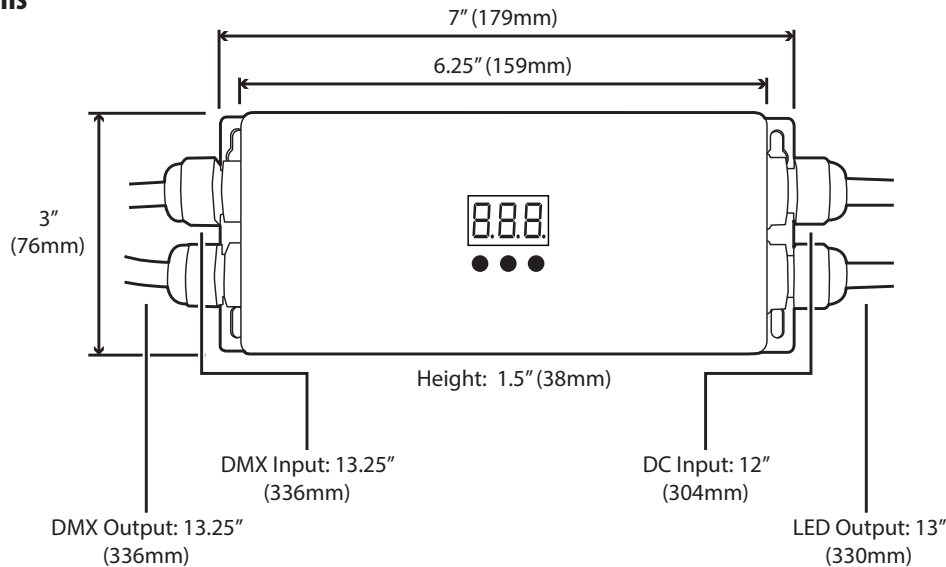

The Waterproof 4 Channel DMX-RGB-W LED Decoder is a DMX to RGB-W 4 Channel DMX Interface, ready for full-outdoor use without the need of a protective box. The Waterproof LED Controller comes fully waterproofed with waterproof connections and outdoor rated wiring. If you currently have a DMX512 controller or any DMX capable control unit, and you need to control waterproof RGB-W LED products such as LED strips or outdoor landscaping RGB-W lights, the Waterproof 4 Channel DMX-RGB-W LED Decoder is the perfect unit. The Waterproof 4 Channel DMX-RGB-W LED Decoder uses a digital read-out with simple buttons to go between different modes and addresses.

- 4 Channel and 3 Channel configuration
- Converts DMX signals to RGB-W
- Fully Waterproof Design
- Easy to use Digital Readout
- DMX512 compatible
- 480W control at 24V and 240W at 12V
- DMX Address selection LED Display
- DMX IN and OUT
- RoHs, CE certificate
- 12, 24, and 36 Volt Operation
- 3 year warranty
- Comes with 18" Lengths of Cable on Each End of Controller
