Solid Apollo LED
Where light meets perfection

CE Certified | RoHS compliant | UL | WIRELESS | 12-36 VDC | DIMMABLE

WATERPROOF WIRELESS LED DIMMER CONTROLLER/REMOTE
SKU: SA-CTRL-MICRO-DIMM-IP67

Product Description

Solid Apollo's Waterproof Wireless LED Dimmer Controller/Remote is a low-profile wireless dimmer controller that is designed to give you full control of your outdoor low-voltage LED strip lights. The unit includes a wireless remote and a waterproof controller that pairs and controls the LED fixtures wirelessly within a 65 feet range. With just one central button on the remote, you can easily and fully control your low-voltage LED strip lights. A simple push of the center button (power button) turns the LED fixtures ON/OFF, and a push-and-hold of the same button increases/decreases brightness. The remote includes a magnetic back so it can be installed on metal surfaces as well. The unit is also equipped with a memory function to remember and recall the exact brightness settings before the lights were turned off. For example, if you dim the lights to 25% and later turn them off (or power goes out), they will restore the same 25% brightness setting anytime they are turned on again.

- Includes 1 x Remote and 1 x Controller for 1 Zone
- Waterproof Controller IP67 for Outdoor Installation
- Ultra-Compact Micro Wireless Remote
- Smooth Dimming 100% to 1%
- Soft ON/OFF Technology
- Memory Function to Remember Settings

- Controller Input Voltage 12V-36V DC
- Great for Controlling Outdoor Single-color LED Lights
- UL Listed
- Controller Max Power 5A per Channel 20A Total
- 480W@24VDC, 240W@12VDC

Quick Spec.

UL Listed:	Controller: Yes	**Max Amp:**	5A per Output x 4	**PWM Refresh Rate:**	180hz
Dimmable:	Yes	**Warranty:**	3 Years	**Product Color:**	White
Input Voltage:	Remote: 3V CR2025 Battery	**Weight:**	0.85 lb	**Product Material:**	High-Grade PMMA
	Controller: 12-36VDC	**Dimensions:**	Remote: 1.5"x1.5"x0.7"	**Working Temp:**	-4 - 122F
Max Power:	Controller: 240W@12V		Controller: 7"x2.8"x1.5"	**Certifications:**	CE, RoHs
	480W@24VDC	**Control System:**	PWM		Controller: UL Listed
